

Governance Policy

Purpose. This policy governs responsible use of culturally sensitive indigenous knowledge within BERTRAG.

Access Levels. Materials are classified as Public, Restricted, Sacred, or Confidential.

Retrieval. Restricted or Sacred materials are excluded from retrieval unless appropriate authorization exists.

Generation. The system abstains when evidence is insufficient or governance restrictions prohibit disclosure.

Community Oversight. Corpus curation and validation are performed in consultation with Awori and Ogu community representatives.

Data Sharing. Only non-sensitive metadata and evaluation resources are publicly distributed.
